Carl Browne, the artist, well-known to many of the old residents of Sonoma, will visit this place next week with his Cyclorama pictures and will exhibit for one day only. Look out for him. See adv in another column.

No more pleasant holiday can be taken than a drive to Agua Caliente Springs where the best of lunches and dinners are served at reasonable rates, and a glorious swim may be enjoyed in one of the finest mineral baths in America.

Mr. T. S. Glaister of Green Oaks Vineyard will commence wine-making Monday. A saccharine taste was made one day this week of the grapes in his vineyard and it was found that his Raisins contained 26 per cent of sugar, Chasselas 25 per cent, while the Zinfandels barely showed 21 per cent.

The formation of a new water company, to furnish our city with a plentiful supply of pure, cold water, is one of the new things contemplated. It is designed to convey the water to town in pipes from the top of Sonoma Mountain, on which is located never-failing springs and also a small lake.

The new swimming baths at the Agua Caliente Warm Springs are completed and now open to the public. They are the largest and best appointed mineral baths in the State. The water of these springs are of delightful temperature for bathing and their curative properties are highly endorsed by our leading physicians.

Prof. W. C. Damen will give a lecture in the Methodist Church, Sonoma, on Wednesday evening, October 5th. Subject, "History and Historians," illustrated by historical chart. Admission 25c, children under twelve and all members of the public school, 10c. Proceeds to aid in furnishing new art building, Napa College.

The lot on Broadway on which is located Lyon's blacksmith shop and the Justice Court building is offered for sale in another column. The property belongs to the M. E. Church South, and Judge D. O. Shattuck, the Trustee, will receive sealed bids for the same up to November 1st. The location is a good business one, and the title perfect.

The surveyors of the Santa Rosa and Carquinez Railroad are now encamped on J. A. Porter's farm two miles south of town. The graders, some eighty in number, with about one hundred horses, numerous scarpers, etc., have reached Schellville, five miles south of Sonoma, on the line of the Sonoma Valley Railroad. Grading is being pushed along at the rate of one-half mile daily.

The INDEX-TRIBUNE's agitation for the establishment of a fruit cannery and drier in this place is beginning to bear fruit. Already a number of our leading citizens have signified their willingness to go into the project and one gentleman is willing to donate the land rent free on which to erect the buildings. Our word for it, Sonoma Valley will have a cannery of her own for next season's crop.

Narrow Escape from Death.

Thursday afternoon as the down freight train of the Sonoma Valley Railroad was passing out of Vineyard Station the engineer observed a man driving in a wagon so close to the track that a collision seemed inevitable. The whistle was blown sharply several times, but the driver, who was intoxicated, paid no heed to the warning notes and continued to drive unconcerned along the track in the direction of the approaching train. The brakes were applied and the train was slackened not a moment too soon to prevent a horrible accident. As the engine slowly approached, the horse, a gentle one, backed the wagon down into a ditch alongside the track, the driver comprehending his dangerous position. As the train slowly passed the horse, wagon and driver, the latter seemed to recover himself, and was heard to mutter to himself in a stupid way: "Wazzer matter? wazzer matter, you?" He was then seen to guide his faithful animal into the wagon road and proceed on his way as though nothing out of the ordinary had occurred.

Sad Death.

Mr. Henry Freudenstein, father of Chas. Freudenstein and a cousin of Henry Winkle of this place, died at the residence of the latter last Thursday morning at 9:35.

Deceased, accompanied by his wife, left St. Louis, Mo., about two weeks ago to visit their son and the family of Mr. Winkle, hoping by the change to benefit his health, which had been quite poor for several months. He arrived in San Francisco on Tuesday of last week and on the following day, while proceeding from the Palace Hotel to the steamer Jas. M. Donahue, he was suddenly and without warning stricken with paralysis. He was carried aboard the boat and from the boat assisted to the cars. Upon arriving at Vineyard Station he was taken to Mr. Winkle's residence, where he remained prostrated and speechless up to the hour of his death. The body has been embalmed and will be taken to his old home for interment. Mrs. Freudenstein and her son left on this morning's train and will accompany the remains to St. Louis, where deceased had resided 38 years. Mr. Freudenstein was a gentleman of wealth, a native of Germany, aged 61 years.

The McMackin Condemnation Suit.

The Santa Rosa and Carquinez Railroad condemnation suit against Jas. McMackin, which occupied the attention of Department Two of the Superior Court several days last week, was brought to a close last Monday by the jury bringing in a verdict awarding Mr. McMackin \$1000 damages and \$144 costs of suit.

The verdict is virtually a victory for the railroad company, as defendant claimed \$8000 damages. Mr. McMackin accepts the situation and no appeal will be taken.

Sonoma Valley Railroad Extension.

Chief Engineer S. L. Dolson, of the San Francisco and North Pacific Railroad Company, says the Democrat, who was in this city yesterday, states that the construction of the drawbridge across Petaluma Creek is in active progress, and will probably be completed within thirty days. The grading is nearing completion, and the complete construction of the line is looked for in about sixty or eighty days.

The Weather and Grapes.

The hot weather the past week has had its inconveniences but it has been of vast benefit to the grape crop. The warm spell has caused the grapes to ripen fast which have been exceedingly backward this season and if it continues a few weeks longer, the vintage of 1887 will be one of the finest known in years.

Personal and Social.

Mr. Asher Tyler of the "Overland Monthly" paid our sanctum a pleasant visit last Tuesday.

Mr. Beaurie Spencer has returned to Willow Ranch after a year's absence in Lake County.

Mrs. Ellen Smith, who has been visiting relatives in Monterey, returned home Monday, after a ten day's absence.

Mrs. Wm. Willis (nee Enos) left with her infant daughter for her home in Bodie last Tuesday.

Mrs. Annie Lewis, after a pleasant two weeks' visit to relatives in San Francisco and Sacramento returned to her home last Sunday.

Concert to-Morrow.

The Sonoma Valley Band will give another of its Sunday concerts at Weyl's Hall to-morrow, commencing at 2:30 p. m. The reason the Pavilion is not used on this occasion is on account of the extreme closeness of the building. The following programme will be rendered:

1. March, "Vandalla" - D. T. Smith

2. Overture, "Zelmira" - Ripley

3. Schottische, "Golden Stairs" - Wiley

4. Military Chorus, "Le Chant du Depart" - Southward

5. March, "Inter-Ocean" - Sullivan

6. Selection, "Mikado" - G. Hogan

7. Lancers, "Thousand Island" - Bowman

8. Galop "Agitation" - Bowman

The Occidental Hotel, under the management of Mr. R. D. Moore and his estimable wife, is growing in popularity every day.

Mechanics' Fair Notes.

The Sonoma Valley Exhibit continues to be the principal attraction at the Mechanics' Fair.

Messrs. R. Watt, O. B. Shaw, S. H. Shaw, A. D. Lowell and C. F. Leiding have very elaborate displays of fruit.

Mrs. Warfield's electric frost alarm is in operation every evening at the Fair, and attracts a great deal of attention.

The committee requests all Sonoma Valley people to make the Exhibit their headquarters during their stay in San Francisco.

The four large pyramids of grapes were designed and ornamented by Vice-Chairman Shaw, whose skill as a decorator is well known.

Mrs. Leiding has added to her already attractive and handsome collection of immortelles, dried grasses and flowers, a number of new and very rare specimens.

The space occupied by the Sonoma Valley Exhibit contains 6000 square feet. The vegetables, pumpkins, squashes, beets, etc., have been removed to the annex to make room for the elaborate and extensive display of grapes.

Messrs. S. H. Shaw and Robert Poppe prepared a complete catalogue of all the various articles in the Exhibit for the use of the Judges. It is the intention of the committee to have it printed and preserved for future reference.

Messrs. Drummond, Shaw, Boyes and Poppe, the Chairman, Vice Chairman, Treasurer and Secretary of the Committee respectively, have been making themselves useful at the Fair. The following ladies have also done efficient work: Mrs. Warfield, Mrs. Boyes, Mrs. Cady and Mrs. Drummond.

Last Monday afternoon twenty-five boxes of grapes were distributed to the children of the Willard Kindergarten, Protestant Orphan Asylum and the Chinese Mission.

The committee requests all vineyardists to send down several boxes of grapes each, to be donated to the various hospitals and charitable institutions of San Francisco.

The following gentlemen compose the Board of Judges on County Exhibits: E. T. Crane, A. J. Gove, Jno. F. English, W. J. Tilley, F. B. Norton, H. C. Somers, J. P. Hulme.

COUNTY CULLINGS

Santa Rosa Republican.

T. E. Littaker, aged 73 years, who lives seven miles west of Santa Rosa, showed a remarkable degree of activity for a man of his age a few days ago by picking 181 pounds of hops in one day, and quitting an hour before sundown.

Col. Mervyn Donahue and a syndicate of capitalists have concluded negotiations for the purchase of the Lytton Springs property, consisting of 11,000 acres of land in this county, close to the line of the San Francisco and North Pacific Railroad. The price paid was \$165,000. The hotel and bath-houses are included in the purchase.

Santa Rosa Democrat.

A charcoal burner named Caslo Alegrini was found dead Monday morning near a coal pit on the Pridham ranch about seven miles north of Healdsburg. A coroner's jury found that he came to his death from asphyxiation. He was on duty the previous evening and inhaled the fumes from the coal pit.

May L. Cheney of the Pacific Bureau of Education, in a letter to the County Superintendent of Schools, asks for the names and addresses of a number of male and female first grade teachers, holding life diplomas. In explanation of her request, she states that great difficulty is experienced in obtaining experienced teachers. In Sonoma county the difficulty has sometimes been in supplying teachers with schools.

A peculiarly fatal disease has appeared among the cattle on W. W. Thatcher's ranch at Hopland, Mendocino county. The disease is of the skin, and makes its appearance on one side only of the animal's head in a number of small irritating sores which drive the poor beasts to distraction. They race about the fields like mad, rubbing the affected parts against anything that comes in their way, barbed wire, trunks of trees, boulders, etc., until their heads are a mass of bleeding, mangled flesh. The disease is termed the mad itch, and is causing considerable consternation among the cattle-raisers of that district.

Active Pushing and Reliable.

E. Wegner can always be relied upon to carry in stock the purest and best goods, and sustain the reputation of being active, pushing and reliable, by recommending articles with well established merit and such as are popular. Having the agency for the celebrated Dr. King's New Discovery, he sells it on a positive guarantee. It will surely cure any and every affection of throat, lungs or chest, and in order to prove our claim, we ask you to call and get a trial bottle free.

The Occidental Hotel is fast becoming a popular resort.

SONOMA VALLEY'S REMARKABLE EXHIBIT.

The Finest Made and Entitled to the \$1,000 Prize.

S. F. Call, Sept. 26th.

In no portion of the State can a more charming valley be found than delightful Sonoma, to which the quaint legends of the Indian and early American occupation cling. Among these, the valley was long noted for its many desirable qualities, and no sooner had the tide of immigration set to this Western world than the valley began to be populated with an industrious class, who aided the beauties of nature by their handicraft, until the "Valley of the Moon," as it was known to the aborigines, blossomed like the rose. Dame Nature, with no stinting hand, endowed this entrancing spot with every faculty for production, together with a most equable climate. The principal industries of the valley are fruit growing, wine making and dairy farming. In addition to these, the valley is prolific of many things that may be termed natural. Among these may be mentioned basalt rock, the quarries of which are the most extensive on the Pacific Coast. Above its many other features, Sonoma is famous all over the United States for its wines, which are eagerly sought after. These are noted for their flavor, color and bouquet. One of the chief recommendations of the valley is that all fruits and grapes are grown entirely without irrigation.

The wonderful and varied productions of the Sonoma Valley are grandly displayed on the south side of the pavilion, near the eastern side. The exhibit covers 6000 square feet and is magnificently arranged. A handsome feature of the display is a grape arch, which divides the central portion of the exhibition. On the sides of the space devoted to the valley's resources are long tables with pyramids all covered with golden clusters of over 300 varieties of grapes. The central portions contain five pyramids, on which are stacked the choicest bottled vintages, while in other portions are barrels of the exhilarating wines of this region. The attractiveness of the exhibit is due in a great measure to the unceasing efforts of Captain J. H. Drummond of Dunfillan, who is President of the committee in charge of the exhibit and Commissioner for that section of the county.

Much credit is also due to the ladies of the valley for many contributions and untiring devotion to the exposition of the resources of the valley. Among these may be honorably mentioned Mrs. Kate F. Warfield, Ten Oaks; Mrs. Boyes, Agua Rica; Mrs. C. C. Carriger, Orange Grove; Mrs. Hood, Los Guilecos; Mrs. Katie Warfield, makes the largest exhibits of any woman in California.

All classes of fresh or dried fruits are represented, while the mammoth vegetables from kohlrabi to bandkai, placed in the southern annex, shows the capabilities of this fertile soil. On every hand the observer is met with cogent examples of the variety of the products of the valley. No less pleasing than other exhibits are the examples of citrus fruits, which are equal to any grown in the State. Joseph Neumann shows native silkworms in every stage from the larvae to the egg. Over five hundred worms are now hatching. Colonel Hooper shows some exquisite olive oil and bottled olives. The diversity of the products of Sonoma Valley is well illustrated by the following list of articles noted in rambling about the exhibit: Every variety of pickles, preserved fruits, cucumbers, melons, English marrows, corn (some of it fourteen feet high, with four ears on each stock), Japanese persimmons, English lawthorne, Scotch rewantrie, tomatoes, peppers, gigantic sunflowers, plants, wild flowers, ferns, grasses, mosses, cereals in sheaves, sacks and bottles, Indian chutney, building stones, chalk, cork, oak, cotton, wool, bamboo, cheese, butter, milk, leather, charcoal, coal, hops, argols, 150 specimens of native rocks, mineral waters, natural fire and petrified woods, Rhus tox, fourteen samples of earth, vine cuttings; some handsome cooperage is also shown. In every detail the exhibit is remarkable, and it is conceded on all sides that the exposition of this prolific section is the finest made, and entitled to the full consideration of the judges of awards.

Wonderful Cures.

W. D. Hoyt & Co., wholesale and retail druggists of Rome, Ga., says: We have been selling Dr. King's New Discovery, Electric Bitters and Bucklen's Arnica Salve for two years. Have never handled remedies that sell as well, or give such universal satisfaction. There have been some wonderful cures effected by these medicines in this city. Several cases of pronounced consumption have been entirely cured by use of a few bottles of Dr. King's New Discovery, taken in connection with Electric Bitters. We guarantee them always. Sold by E. Wegner.

The traveling public are invited to call at the Union Hotel.

Glen Ellen Notes.

F. Dassler, proprietor of the Coopers' Home, San Francisco, was in town last Sunday.

One of the children of Mr. H. Naurt was taken suddenly ill last Friday, but from latest reports is gradually improving.

John Staley, of the firm of Law & Staley, left last Saturday for a few weeks' visit to his brother in Washington Territory.

Large timbers from Santa Rosa arrived here last Saturday for a bridge to be constructed across the Calabazo Creek by the Sonoma County Land and Improvement Company.

A social dance was held at the residence of Peter Burns last Thursday evening. Quite a number of valley lad and lassies were in attendance. Old Times.

Give Them A Chance!

That is to say, your lungs. Also all your breathing machinery. Very wonderful machinery it is. Not only the larger air-passages, but the thousands of little tubes and cavities leading from them.

When these are clogged and choked with matter which ought not to be there, your lungs cannot do the work. And what they do, they cannot do well.

Call it cold, cough, croup, pneumonia, catarrh, consumption or any of the family of throat and nose and head and lung obstructions, all are bad. All ought to be got rid of. There is just one sure way to get rid of them. That is to take Borchers' German Syrup, which any druggist will sell you at 75 cents a bottle. Even if everything else has failed you, you may depend upon this for certain.

Important To Ladies.

Any woman making less than \$4.00 weekly should write us immediately. We want agents for our celebrated Dr. Edoard's Electric-Magnetic Spinal Supporting Corsets and our Dr. Nichols Improved Corset Cover and Bustle, also a few experienced agents wanted to take charge of territory and sell on mile agents. We make more money, pay larger commissions to agents, and sell at lower prices than any other corset manufacturer in the world. We do not sell to the trade, our agents are protected. No experience required. Four orders given direct the agent \$100 monthly. Our agents report four to twenty sales daily. \$30 profit from each sale. Postage for Catalogue, Terms, etc.

AYER'S Sugar-Coated Cathartic PILLS.

If the Liver be comes torpid, if the bowels are constipated, or if the stomach fails to perform its functions properly, use Ayer's Pills. They are invaluable.

For some years I was a victim to Liver Complaint, in consequence of which I suffered from General Debility and Indigestion. A few boxes of Ayer's Pills restored me to perfect health.—W. T. Brightney, Henderson, W. Va.

For years I have relied more upon Ayer's Pills than anything else, to regulate my bowels. These Pills are mild in action, and do their work thoroughly. I have used them, with good effect, in cases of Rheumatism and Dyspepsia.—G. F. Miller, Attitash, N. H.

Ayer's Pills cured me of Stomach and Liver troubles, from which I had suffered for years. I consider them the best pills made, and would not be without them.—Morris Gates, Downsville, N. Y.

I was attacked with Bilious Fever, which was followed by Jaundice, and was so dangerously ill that my friends despaired of my recovery. I commenced taking Ayer's Pills, and soon regained my customary strength and vigor.—John C. Fassett, Lowell, Nebraska.

Last spring I suffered greatly from a troublesome humor on my side. In spite of every effort to cure this eruption, it increased until the flesh became entirely raw. I was troubled, at the same time, with indigestion, and distressing pains in the bowels.

By the advice of a friend I began taking Ayer's Pills. In a short time I was free from pain, my digestion improved, the sores on my body commenced healing, and in less than one month, I was cured.—Samuel D. White, Atlanta, Ga.

I have long used Ayer's Pills, in my family, and believe them to be the best pills made.—S. C. Darden, Darden, Miss.

My wife and little girl were taken with dysentery a few days ago, and I at once began giving them small doses of Ayer's Pills, thinking I would call a doctor if the disease became any worse. In a short time the bloody discharges stopped, all pain went away, and health was restored.—Theodore Keling, Richmond, Va. 11
